STRUCK BY TORNADO.

Sections of Mississippi and Tennessee Almost Devastated.

NUMBERS ARE DEAD.

All Wires Are Down and Details Are Lacking—The Storm Reaches from Lulu, Miss., to La Grange, Tenn.

Memphis, Nov. 21.—No definite news has yet come from the storm stricken regions and with the exception of some few telephone messages no communication can be had from places stricken. The loss of life reported here will reach about 40. They are as follows:

At Columbia, 15 reported dead and as many more injured.

At La Grange, 3 killed and 6 injured, some fatally.

At Tunica, 5 negroes killed and many injured.

At Lula, 4 negroes killed and hundreds of cabins demolished.

Near Hernando, 2 persons killed and all buildings wrecked.

Between Love Station and Coldwater 12 persons were killed.

Memphis, Nov. 21.—A tornado bounding through a narrow stretch of territory extending from a point three miles north of Lula, Miss., to La Grange, Tenn., caused a heavy loss of life and property late yesterday afternoon. The storm so completely interrupted telephone and telegraphic communications that neither the origin nor the end of it have been ascertained, nor can the extent of the disaster be learned. From the meager details obtainable, covering only three points it appears that 19 lives were lost and the destruction of property was also heavy.

It is believed that in the cyclone's sweep between the towns heard from, numerous farm houses and interior communities of more or less considerable population were struck and these being cut off from the outside were unable to give notice of their distress. Accompanying the tornado was a rainstorm of terrific proportions.

At LaGrange, Tenn., 49 miles east of here on the Southern railroad, not a church in the town is left standing, except the Episcopal. The streets are littered with the debris of destroyed buildings, merchandise, telegraph and telephone wires and poles. Several persons are dead and wounded.

The dead so far recovered are:

Walter I. Moody, assistant manager of the Panky and Gaither Plow Manufacturing company.

The wife of Brown May, colored.

A negro woman, unknown.

The residence portion of the town suffered heavy loss, several buildings being completely demolished and a large number damaged.

A perfect deluge of rain was falling when the cyclone came, but its advance was foretold by a roaring rushing sound, followed by quick heavy reports which gave the inhabitants warning and they rushed out of falling buildings.

Reports from towns along the line of the Illinois Central in Mississippi say the tornado wrought much havoc. Thirteen persons are reported killed between Love Station and Coldwater. The tornado swept everything in its path. Trees were destroyed and fences and outhouses were leveled to the ground.

At Coldwater several houses were destroyed and the daughter of John Guy, and John Dancy were seriously injured. A negro child was killed three miles north of the town.

The cyclone passed from southwest to northeast, and struck Batesville, where several houses were demolished and seven persons were more or less injured.

From Columbia, Tenn., comes the report 15 persons were killed and many injured.

The known dead are:

Misses Florence and Evelyn Farrell.

Captain A. F. Aydelotte, wife and one son; another son and daughter missing.

Miss Kate Forsythe.

James Cherry.

Six negroes, names unknown.

The cyclone lasted about five minutes, and its path extended about 1000 feet wide, which was clearly marked by the devastation. Many houses, including a large number of negro cabins, were blown down, and many others unroofed and otherwise damaged.

The fence surrounding the United States arsenal was blown away, but the building remains intact.

A freight train on the Nashville, Florence and Sheffield railroad was lifted from the track, but as far as reported, none of the passengers or the crew were injured.

The Nashville and Chattanooga depot and 18 other houses were demolished at Laverne, 96 miles south of here. More than a mile of telephone and telegraph wires were destroyed and details are meager, but it is said a man named Robinson and his child were instantly killed

and a farm laborer injured.

At West Harpeth station, 20 miles south on the Louisville and Nashville road, is as far as the wires reach, but no news has been received there. Trains have been delayed several hours.

Contribution Close to \$50,000.

New York, Nov. 21.—The total collection in all the schools of Greater New York will reach close to \$50,000. This sum goes to the schools in Galveston and is given by the teachers and pupils.

WORST IN YEARS.

A Partial Report from the Storm That Passed Over Tennessee.

Nashville, Nov. 21.—The storm last night was the most destructive in this region in many years.

Two lives are reported lost and much damage done at LaVergne, 16 miles from Nashville.

At West Harpeth and Thompsons Station a number of houses were blown down and a child killed at the latter place.

A number of persons are reported killed in Maury county.

In the vicinity of Nolensville, James Hampton was internally injured by the storm and will die.

Emma Hampton's arm was broken.

Ernest Stephens was seriously injured.

Jim Chrisman's house was blown away and his baby is missing.

Mrs. Brimlet was killed.

Nance Hampton was killed.

Black Hampton was seriously injured both legs being broken.

Tornado in Mississippi.

Memphis, Nov. 11.—A tornado visited north Mississippi late Tuesday afternoon, causing loss of life and much property damaged.

Reports from Lulu state that three negroes were killed, their bodies having been carried a distance of three miles by the wind.

Many outhouses were razed to the ground and the damage to crops cannot now be estimated.

Unprecedented Snowfall.

Vancouver, B. C., Nov. 21.—A snowstorm has been raging throughout the province for three days. All through the interior several feet of snow has fallen and many trails made impassable.

Along the railroads the snow drifted to the depth of several feet, and settlers in more remote localities have been entirely cut off from communication with the outside world. It is an unprecedented condition so early in the fall. The intense cold which has accompanied the fall of snow has caused much distress.

Beckham-Fuqua Wedding.

Owensboro, Ky., Nov. 21.—Tonight, for the first time in Kentucky, the governor in office will be married. John Cripps Wickliffe Beckham and Jean Raphael Fuqua are the contracting parties.

The governor's staff and all state officers from Frankfort, including the judges of the court of appeals and members of the different state board, will arrive here on the special train.

There will be distinguished people in attendance from all parts of the state.

Duties Liquidated at Havana.

New York, Nov. 21.—The division of customs and insular affairs of the war department makes public a statement of transactions at the Havana custom house during the month of October. The total amount of duties liquidated at the port during the month was \$1,061,054. A total of 5273 passengers landed at Havana from ports outside of the island, 4047 of whom were from Spain.

\$50,000 for Galveston's Orphans.

New York, Nov. 21.—A check for \$50,000 has been mailed to Governor Joseph D. Sayers of Texas to be applied to the aid of the children who lost their parents in the September storm. It is the offerings of the newspapers of W. R. Hearst, and representing the proceeds of the Galveston Orphan bazaar held here, and the gift of friends of the sufferers from the disaster.

Don't Believe Schalkburger Dead.

London, Nov. 21.—The reported death of General Schalkburger, acting president of the Transvaal since Kruger's departure from that country, is discredited here. There is a mere rumor that he died at Johannesburg on Nov. 9, but the report, like confirmation. Reports from Johannesburg do not mention the death of General Schalkburger.

To Make Yellow Fever Serum.

San Antonio, Nov. 21.—Dr. Angel Bellinzaghi, the yellow fever expert, whose yellow fever serum and vaccine has been the talk of medical science, has purchased a \$25,000 ranch 16 miles from the city for the purpose of manufacturing yellow fever serum and vaccine. He will build a \$10,000 laboratory and stock the ranch at once.

Suspected Safe Blowers Captured.

Richmond, Ind., Nov. 21.—Henry Thomas, Julius Gjodeson and Everett Robinson, young men, are under arrest here for attempting to blow the safe in the office of Weber & Holzapfel. The first two live here, and the third belongs at Winchester, Ind. Thomas was captured in the building, but the others got out and were taken later.

THURSDAY, NOV. 22, 1900.

The Eagle published yesterday an article from a Greenville paper showing the splendid organization which has been effected there to make an effort to secure the location of the proposed industrial school for girls at that point. Not only the business and professional men of that town, but the ladies also, have organized to make the fight of their lives to secure the school. If Bryan expects to land the prize it is high time for her people to wake up and get a move on themselves. It will take the hardest kind of work to get the school and everybody should lend a helping hand because all may share in the benefit to the town, which may be estimated by the advantages now resulting from the proximity of the A. and M. College. The next legislature will probably make provision for establishing the school, and our people must be able to make proper representation of the advantages and economy to the state of locating the school here. This can only be done through organization which should be effected without delay.

THE FOOTBALL GAME.

A Few Pointers for Spectators
not Understanding How
Points are Made.

For the benefit of those who wish to see the game of football today, yet do not understand the game, the following points are printed. The article is from the St. Louis Republic:

The field, or "gridiron," is 330 feet long and 160 feet wide, and is marked off with lines at every 5 yards, from one end to the other.

The goal posts are located at either end of the field, are eighteen feet six inches apart, and the bar over which the ball must pass when goal is kicked is ten feet high.

A team—11 players—consists of 2 ends, 2 tackles, 2 guards, a center, a quarter back, two half backs and a full back.

Seven of these players are known as forwards and they line up against seven men on the opposing team on what is known as the scrimmage.

At the beginning of the game the ball is put in play by what is known as the kick-off. After the kick-off the other side may return the kick or run with the ball as it sees fit. When a player starts to run with the ball it is the duty of the opposing team to stop him by tackling. When the player with the ball is stopped it is called a down. After a down the teams line up and a scrimmage follows. Unless the ball is advanced five yards on four downs, the ball goes to the other side. When a team finds that it cannot gain its distance a kick is generally resorted to.

When a side crosses its opponent's goal line with the ball, a touchdown is secured. A touchdown counts five points. A goal from a touchdown counts one point. It is made by kicking the ball out on the gridiron on a

straight line from where it rested when a touchdown was made; then one player holds the ball just above the ground, and when placed on the ground another tries to kick it over the crossbar on the goal posts. If the ball goes over it is a goal.

A goal from the field is made either by a place kick or a drop kick, and counts five points.

A safety is where one side takes the ball behind its goal line in order not to give the other side a chance to score. A safety counts two points against the side making it.

The officials of the game are umpire, referee and linesman.

The time of the game is two thirty-five minute halves, unless otherwise agreed upon.

COMMISSIONERS COURT.

The county commissioners court met in regular session Nov. 12, Judge A. G. Board presiding and Commissioners Deens, Arrington, Edge and Phillips in attendance.

RURAL FREE DELIVERY.

A Plea Made for Further Extension of This Branch of the Postoffice.

Washington, Nov. 21.—An enthusiastic plea for the widespread use of rural free delivery is made in the annual report of W. M. Johnson, first assistant postmaster general. He says that the extraordinary development of this system during the past 12 months under the stimulus of appropriations of \$150,000 for 1899-1900 and \$1,750,000 for the fiscal year 1900-1901 is conclusive as showing that hereafter it must be a permanent and expanding feature of the postal administration. An appropriation of \$18,000,000 is asked for the compensation of postmasters for the next fiscal year.

The regular free delivery service was established in 62 cities necessitating the appointment of 170 carriers making the total number of free delivery officers incorporated on June 30, last, 795. Four free delivery offices have been established in Puerto Rico and Hawaii. Regular free delivery, it is estimated, will cost \$17,400,900 for the next fiscal year, the postal money orders issued amounted to \$755,670,328.

Appropriations for Agriculture.

Washington, Nov. 21.—The estimates of the department of agriculture for appropriations for the next fiscal year aggregate \$4,659,050. This includes however, \$760,000 for the agricultural experiment stations, which cannot be touched by the department, \$1,096,320 for the weather bureau and \$334,230 for salaries.

Seed for the Government.

Washington, Nov. 21.—The department of agriculture has advertised for bids for furnishing seeds to the department for usual distribution, bids to be opened in this city on Dec. 12, three months earlier than the opening last year. The early date is in a concession to the Pacific coast bidders in order to give them an opportunity with those sections having later crops.

WILL VISIT GALVESTON.

The North Atlantic Squadron Will Be There a Week in February.

Pensacola, Fla., Nov. 21.—The official schedule of the winter cruise of the north Atlantic squadron, of which Rear Admiral Farquhar is commander-in-chief, is that the fleet will arrive at Pensacola Dec. 30 and remain three weeks, maneuvering in the harbor and taking on coal, supplies, etc. The fleet will sail from here Jan. 21 for the Gulf of Florida and after that cruise will go to Galveston arriving there Feb. 11, sailing thence for Pensacola Feb. 18, remaining here until March 6. The fleet will then sail in Cuban waters until April 25.

In the fleet will be the two new battleships, Kearsarge and the Alabama, also the battleship Massachusetts, two auxiliary cruisers, one training ship and seven torpedo boats. The Kearsarge is the flagship of the fleet.

SMALLPOX.

More Smallpox at Corsicana.

Corsicana, Tex., Nov. 21.—Health officer Pannill reports another case of smallpox, this one being a negro girl in the eastern part of the city.

Smallpox at Lockhart.

Austin, Nov. 21.—State Health Officer Blunt has returned from Lockhart, where he found considerable smallpox.

Dr. Blunt left for Bonham, to look after smallpox in Fannin county.

Smallpox in Cooke County.

Gainesville, Tex., Nov. 21.—There are several well developed cases of smallpox at Barnes City, a village near here. Three cases will prove fatal.

Texas Grown Chestnuts.

Paris, Tex., Nov. 21.—S. H. Hearn, living two miles east of town, exhibited some fine chestnuts here that were gathered from a tree on his place. They were large and well matured and had a fine flavor. The tree that bore them is 23 years old. It has been bearing only three or four years and this is the first year that the crop matured. A smaller tree, 10 or 12 years old, began to bear this year, and this is said to be the cause of the chestnuts on the old tree maturing, the chestnuts belonging to the botanical class which requires mates, the pollen from each causing the other to bear. A chestnut tree west of the Mississippi is a rather uncommon sight.

To Chase Aguinaldo.

Manila, Nov. 21.—General Macollos, former postoffice inspector, is to start in pursuit of Aguinaldo with 100 picked natives, supported by American troops. Other ex-rebel Filipinos will be used in campaigning in the country. Their officers have not been formally made yet but they are ready if the authorities will accept their services. Aguinaldo, it is supposed, is in northern Luzon.

Burned to Death.

Caddo, I. T., Nov. 21.—In the ruins of Sunday night's fire were found the charred remains of George Ahrens, who in the excitement following the alarm attempted to recover money which he had secreted in his shop. Mr. Ahrens was a shoemaker and had lived here 23 years. He was 77 years old.

Construction Train Wrecked.

Hardeville, S. C., Nov. 21.—A construction train on the Southern railway was wrecked near here. John Gosier, a time keeper, was instantly killed and Conductor W. B. Brice and Foreman J. A. Brooks were seriously injured.

Prominent Alabamian Dead.

Huntsville, Ala., Nov. 21.—Robert C. Driskill, ex-chief justice of Alabama and for many years one of the most prominent jurists of the south district, died here after a short illness.

ALMOST A LYNCHING.

Police Had to Fight at Chicago to Save a Negro Rapist.

Chicago, Nov. 21.—A mob composed of men and women defied drawn revolvers and fought with 20 policemen Tuesday night in an attempt to lynch Harry Evans, a negro man, arrested on a charge of assaulting 7-year-old Freda Guendal. The hundreds of persons who had gathered around the home of the little girl, whose death was feared, were greatly excited when Evans, who had been captured an hour before, was brought before his victim for identification.

"Hang the black scoundrel!" "Lynch him!" shouted the spectators as the prisoner was brought to the doorway of the Guendal home. The two officers who had charge of the negro, after a free use of their clubs on the maddened crowd, finally managed to shove Evans into the house where the little girl identified him as her assailant.

When the people learned that Evans had been identified by his victim they became frenzied and made another rush for Evans. In the meantime, however, a riot call had been sent in and a wagon load of blue coats appeared on the scene just in time to prevent the crowd from overpowering the officers and securing the negro. After a fierce struggle in which a score of people were more or less seriously injured, the police dispersed the mob and landed Evans safely in jail.

MORMONS MAKE APPEAL.

Asks Mexico to Give Them Better Protection from the Apaches.

Chihuahua, Mex., Nov. 21.—The Mormon colonies of Durban, Pacheco, Oaxaca, Diaz and Juarez, all of which are located in the state of Chihuahua, with the exception of Oaxaca, which is situated on the Baviste river in the state of Sonora, have appealed to the military authorities of Mexico for protection against further raids from bands of hostile Indians.

Preparations are being made by the war department to strengthen the military garrisons at all the western posts, and to annihilate the force of Apaches who made the bloody attack on the Pacheco settlement a few days ago. These Apaches have taken refuge in the Sierra Madres, and their pursuit will be difficult.

The Pacheco colony was established by the Mormons from Utah in 1890. It has a population of about 1200 people. The other Mormon colonies are located in the same section of the state and are all in a flourishing condition. Their principal industries are cattle raising and farming.

ROBBERS MAKE A FIGHT.

Nine Hold Off Citizens While Three Dynamited a Bank's Vault.

Delaware, O., Nov. 21.—A dozen professional bank robbers made a desperate attempt to secure the contents of the money vault of the Sperry & Warnstaff's deposit bank at Ashley, ten miles north of here just before daylight yesterday.

While nine stood on guard holding the citizens at bay with their guns, three used dynamite under the deposit vault of the brick building. The bank's property is worth \$50,000 and there was \$15,000 in cash deposit on hand. Four attempts were made to get at the cash, but the inside door held to its combination, while the guards outside were shooting at the citizens who pressed closely upon them.

The damage to the bank building, vault and other property is about half its value. All the robbers escaped.

Relief of Reconstruction.

Corsicana, Tex., Nov. 21.—In the overhauling of the court house offices by the newly elected officers there was uncovered an old register used in 1867 by the county judge in which was inscribed the oaths of citizens required by the reconstruction laws before the subscribers were permitted to vote. The register is larger than the Holy Bible and contains the oath taken by several thousand Navarro county people. It will be preserved as a relic.

Boers Surprise British.

London, Nov. 21.—A long dispatch received from General Roberts refers to a number of minor occurrences. The only incident of importance was a surprise to the outpost of the "The Buffs," southwest of Balmoral on Nov. 19. Six of the "Buffs" were killed and five wounded. An officer and 30 men made prisoners. The post has since been reoccupied.

Florida's Capital Will Remain.

Jacksonville, Nov. 21.—The state Democratic executive committee has finished the canvass of the vote in the recent primary on the capital removal question. The totals are: Tallahassee, 16,744; Jacksonville, 7675; Ocala, 4917; St. Augustine, 2881. Tallahassee, the present seat of the capital, got a majority over all of 1269.

Next Convention at Portland.

Washington, Nov. 21.—Portland, Me., has been selected by the Patrons of Husbandry as the place for the next annual convention. The order adopted a resolution setting apart the third Sunday in June to be observed by members of the organization through the country as a grange memorial day.

Manley Resigns.

Augusta, Nov. 21.—Joseph Manley, for 16 years chairman of the executive committee of the Maine Republican state committee, has sent in his resignation as a member of the state committee to take effect when the incoming committee is organized.

A SMALL INDEMNITY.

If Forced to Disagree With the Powers
the Only Thing Left Is Independent Negotiations With
Imperial Government.

Washington, Nov. 21.—According to one of the highest official events are hurrying the United States to a point where, in the interests of humanity and a satisfactory solution of the Chinese question, it must withdraw from the concert of nations.

It is not intended by the administration to be hasty in adopting such a course. Fair warning will be given to the powers and if they still persist in a policy calculated to drive China to desperation the only thing left for the administration will be to enter into independent negotiations with the imperial government. Such a course would undoubtedly be followed by Russia and France, but the action of Great Britain, Germany and Japan is problematical because of their recent agreement.

Government officials, no longer make any attempt to conceal their belief in the sincerity of the protestations made by the powers that they do not contemplate the partition of China. The speech of Count von Buelow illustrates well the attitude of the powers. He said in the course of it:

"It is impossible to foresee further developments. We shall not allow ourselves to be led beyond these demands, except by the interests of civilization and especially by the interests of Germany."

These words are paraphrased as follows by an administration official:

"This is all we want at present. We shall not make any further demands unless we feel like it."

Although Count von Buelow asserted that the demands he reported had been made by "unanimous agreement," it is not believed that the United States representative has assented to them. Mr. Conger has reported from time to time the various propositions under consideration, but he has not yet indicated that anything in the nature of an agreement had been decided on which the powers might act and which is to serve as basis of negotiation with the Chinese authorities.

The great danger hangs about the question of indemnity. Every day brings to the state department further information about the swelling of the expense bill. Germany has now figured her military expenses at \$50,000,000. This does not include a single claim for damages; it is nothing but the cost of sending troops to China and burning powder.

The United States has not reached the point of setting a figure beyond which demands would be regarded as excessive. It is actively at work trying to reach such a figure. The United States desires to make the indemnity the very utmost that China can pay, but no more. The American feeling is that China has sinned so grievously that she must suffer a tremendous penalty. One of the officials of the administration lately in describing the administration's attitude recalled Bismarck's declaration after the Franco-German war that he would "bleed France pale." But he added, "Bismarck stopped there. He did not try to kill her. He demanded 5,000,000,000 francs. But he did not demand 50,000,000,000 francs." That is the difference between the attitude of America and that of the European powers.

The administration is endeavoring to secure important modifications in several of the propositions which have the support of several of the ministers at Peking and others which have been suggested there. Minister Conger has been instructed to oppose the provision suggested by the protocol that an article be inserted binding the Chinese government to the revision of the existing treaties of commerce. The objection of the United States is based on the fact that such a revision would mean separate terms to each power, special concessions to those which intrigued most successfully at the Chinese court and probable secrecy regarding some of these concessions.

The United States desires nothing in the way of general commercial privileges which is not granted to every other power. They are opposed to the separate revision of the treaties, however, not only upon direct ground of American interests in the negotiations but because of a complication which would be likely to follow separate arrangements.

In the opinion of some of the leading officials of the state department such arrangements would only open the way or keeping the Chinese question constantly in an acute state and would brow a serious pall of anxiety over the peace and commerce of the world.

Count Cassini, the Russian ambassador to the United States, is quoted as saying:

"From the outset of the Chinese trouble Russia has been actuated by the single purpose to act in concert with the other powers to preserve the integrity of China. In pursuance of his policy of preserving peace the czar adopted

an attitude when the Chinese trouble began calculated to maintain harmony and to insure the preservation of the Chinese empire. This attitude is in harmony with Russia's interests.

"Russia is a big state. Her internal affairs require constant and judicious attention. The great enterprises she has under way demand unremitting care. She wants no addition to her territory and the only contingency which would force her to acquire it would be in the event that other powers took steps to partition China. An examination of Russia's policy will show how completely it is in accord with that of the United States.

"I am hopeful that a solution satisfactory to the powers and to China will be reached, but to achieve it all must pursue a disinterested policy and have their aim the objects they announced they had in view when the trouble began."

NOT RUNNING RISKS.

Foreigners at Peking Prepare for Emergency, Though Only Rumors.

Tien Tsin, Nov. 20.—There has been considerable firing recently in the neighborhood of Tien Tsin, and owing to a report that the German quarter of the city was to be attacked Monday night, the German sentries were doubled, and a regiment patrolled the opposite bank of the river, and the remainder of the German troops were ordered to hold themselves in readiness for action at a moment's notice. Nothing happened, however, to show cause for the alarm, although today all the Chinese servants of the Bengal lancer officers and men left, saying they had been informed the boxers were marching in a large body on Tien Tsin and Peking. Neither General Campbell of the British troops, nor Colonel Meade of the Americans believe there is any truth in the rumor, but the natives evidently believe it and many of them are leaving the service of foreigners.

Stripped of His Power.

Berlin, Nov. 21.—A special dispatch from Peking says Prince Tuan has been arrested and stripped of his power by an order of the emperor and the empress dowager, but fears are felt of General Tung Fah Siang, who with 16,000 regulars is in Hu Jang Pa.

Opposed by Chinese Troops.

Berlin, Nov. 21.—Count von Waldersee cables from Peking that he has advice from Colonel Yorck's corps showing that the Chinese general, Ho, with 10,000 regular troops and much artillery is near Kaigan prepared to resist energetically any further advance of the expedition. Colonel Yorck, therefore, will await reinforcements before attempting to proceed.

TO WELCOME KRUGER.

Great Crowd Gather to Greet the Transvaal President.

Marseilles, Nov. 21.—In spite of the heavy rain which prevailed all Tuesday night and during forenoon today the streets of Marseilles were filled from an early hour by great crowds of people intent on extending a welcome to Paul Kruger, president of the South African republic.

At 11:30 a. m. the steamer Gelderland, carrying the noted voyager, not having been sighted, committees having details of the reception in charge, announced an adjournment until 2 o'clock p. m.

Early in the day Dr. Leyds and Messrs. Fischel and Wessels and other Boer delegates boarded the launch of the captain of the port with the purpose of meeting and boarding the Gelderland outside the harbor. The sea proved too rough, however, to permit their carrying out such intention and they were obliged to return.

The scene at the dock was very picturesque. Every place of vantage was occupied by sightseers. The landing stage was gaily decorated with Transvaal and Free State colors, French tricolor and shields bearing a blue cross of the arms of Marseilles. A red carpet covered the ground, forming a bright splash of color at the quay side. Decorations elsewhere in the city were practically nonexistent, only few flags being along the route which Kruger will traverse in going from the quay to the hotel.

Watch for a British Captain.

Washington, Nov. 21.—The state department has forwarded to the ambassador at London a gold watch and chain to be presented to Captain A. W. Richardson of the British steamer Orange Prince, in recognition of his services in rescuing two American fishermen who while fishing in a small boat had become separated from the vessel on account of a heavy fog and had drifted to sea.

Indiana Aground.

Washington, Nov. 21.—Quartermaster General Ludington has received a cable dispatch from Colonel Mill, chief quartermaster in Manila, confirming the press report of the grounding of the Indiana on the east side of the Isle de Polite, one of the smaller islands of the Philippine group, east of Luzon.

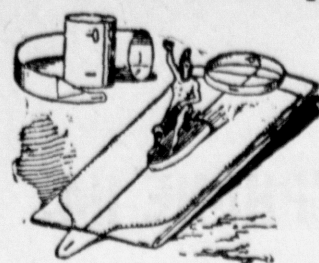

Heavy Loss of Logs.

Memphis, Nov. 11.—In consequence of the overflow of Wolf river Tuesday night the timber rafts moored in Wolf river north of the city broke loose and 1000 logs floated out into the Mississippi river. The loss may reach nearly \$500,000.

Lexington Merchant Found Dead.

Lexington, Ky., Nov. 21.—Charles S. Milward, a leading merchant of this city, was found dead on his rear porch at 6 o'clock this morning. He had been shot through the head, but whether by himself or by another, is not yet known.

MILLICAN.

Millican, Nov. 19.—Miss Kate Steele of Navasota visited relatives here Saturday and Sunday.

The following is a list of names of those pupils whose average entitled to a place on the honor roll of the Millican public school for the month just ended—97 being the required average: 6th grade, Gertrude Eaves, 97.5; Vada Arrington, 97.2. 7th grade, Sydney Dunlap, 97.5; Roger Williams, 97.3.

Rev. J. M. Adams and wife, of Flatonia were called to the bedside of their mother Mrs. John Wagner, who has been very ill, but we are glad to note is better at this writing. Rev. Adams returned home Monday.

Mr. Robert Dunlap was taken suddenly very sick the 13th of this month and died the 15th. He was buried in Weaver cemetery the 16th.

Mr. Frank Meekins death which occurred Monday has cast quite a gloom over the entire community.

Miss Mary Spann visited her home Saturday and Sunday.

Rev. J. B. Skinner was called from Alexandria Sunday to the bedside of his wife, who was taken dangerously ill during his absence.

Miss Callie Lewis is visiting friends at Hempstead.

Mrs. J. R. Straughan and children returned to Hempstead Tuesday.

HARVEY.

Harvey, Nov. 18.—Cotton picking has about subsided.

Miss Malinda Dyess went to Edge last week to witness the marriage of her brother, Mr. Tony Dyess to Miss Tildy Murphy. The wedding took place at Concord church Sunday evening at 3 o'clock, Rev. H. T. Palmer officiating. Both parties are well known and held in the highest esteem by all who know them. Mr. Dyess returned home Monday accompanied by his wife. We join their many friends in wishing them a long and happy life full of prosperity.

Mr. and Mrs. Richard Nash of

Edge paid us a pleasant visit last week.

The U. D. S. met last night. Mrs. Ella Woods died last Tuesday night, and was buried at Bethel Wednesday.

Rev. S. R. McClung and wife visited Mr. and Mrs. Bloxam last Sunday.

Miss Maggie Pitts and Miss Cora Griffin of Bryan visited the school here Friday evening.

Rev. J. M. Bullock will preach at Bethel next Sunday. Come out and hear, we also want some good singing. Bonami.

CROSS.

Cross, Nov. 19.—The health of this section is better at present than has been for quite a while.

The farmers are beginning to prepare for another crop as the crop of 1900 is about all gathered and turned out about as estimated some time ago, cotton crop very short, corn crop shorter than for three year, however we have saved a considerable amount of feed stuff in the way of hay, etc. Our farmers did well on potatoes and syrup this year.

We noticed in the Eagle last issue an inquiry for Mr. Marion Oneal; he is at Mr. Henry Oneal's, about one mile east of Cross in Grimes county.

Fall oats is beginning to come up.

On last Thursday the 15th the suffering of Mrs. V. B. Isbell was ended by death and it is a great loss to us to lose such a faithful, kind and true woman. She leaves a husband and eight children and a large circle of friends to mourn her loss. Mrs. Isbell was a daughter of Mrs. John Wheelles of Cedartown, Ga. We extend to the bereaved ones our profound sympathy.

Mr. and Mrs. Henderson are returned from a visit in Brazos county. Old Ned.

COTTONWOOD.

Cottonwood, Nov. 22.—Mrs. S. A. Edge of Kurten visited friends and relatives in our community Thursday and Friday.

Clarence Pearson, the Eagle Rough Rider, was in this vicinity the past week.

Tom Elliott of Edge visited relatives here last week.

R. B. Skains and family of this Misses Nora and Lou Thomas, Mattie Zimmerman and brother Roy attended church at Alexandria Sunday.

Some of the young people of Knob Prairie passed through Cottonwood Saturday going to the creek bottom pecan hunting.

Mr. and Mrs. J. B. Priddy of Bryan visited Mr. and Mrs. J. H. Thomas Sunday.

Mrs. Eliza Freeman and son, Chris, were pleasant visitors here Sunday.

T. E. and J. C. Shaw, G. W. Mansel attended the funeral of Capt. Love Monday. Cor.
